Family Cycle Fun Day, a day of free, fun cycling activities suitable for the whole family.

Learn to Ride Sessions for all ages – the team will teach you balance and control of your bike before moving on to introduce other aspects of riding, setting you up for great days out with the family.

Dr Bike Sessions – the team will be running cycle maintenance sessions throughout the day as well as opportunities to get your bike checked, so come and get your bike sorted and learn how to maintain it to stay safe and save money.

Cycle Fun Zone – including ramps, limbo bars, obstacles and seesaws. There will be cycle coaching and a challenge course too! Come and test your bike skills or just get some great tips.

Guided Rides in the Local Area – for those who are able to ride but lack confidence or just want to brush up and get some top tips, led family rides will be taking place throughout the day.

Bring your bike if you can, but if you can't, don't let that stop you!

The team are so keen to spread the cycling love that they can supply bikes and helmets on the day, turn up and enjoy yourselves! You know it makes sense.

All the sessions are run on a casual drop in basis. Just turn up and chat to the team and they will let you know what times the activities are planned – there will be plenty to keep you busy.
